**Subject: Florida U.S. Congressional District 13 General Election survey
conducted for SaintPetersBlog.com**

Date: April 8, 2014

Executive Summary:

This poll of 903 Florida registered voters was conducted on Tuesday April 8, 2014. This poll used the registered voter lists supplied by the state of Florida as of March 19, 2014. The sample of voters that were called included random samples of registered voters within the boundaries of Florida's 13th U.S. Congressional District.

The issues surveyed included questions related to the November 2014 general election, including a U.S. Congress race.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the registered voter population for Florida's 13th U.S. Congressional District. The demographics used were: political party, race, age and gender.

The voters polled were chosen at random within the registered voter population within Florida's 13th U.S. Congressional District. Only respondents that stated that they were planning to vote in the November general election were included in the results.

The scientific results shown for the questions below have their sample size and Margin of Error shown next to the results.

Summary of Scientific Results:

In the race for US Congress district 13, would you vote for Republican David Jolly or Democrat Alex Sink?

Responses: 903

Margin of Error 3.3% at a 95% confidence level

Jolly:	48.1%
Sink:	45.8%
Unsure:	6.1%

Detailed Results with Demographic Breakdowns for Each Question:

In the race for US Congress district 13, would you vote for Republican David Jolly or Democrat Alex Sink?

Responses: 903

Margin of Error 3.3% at a 95% confidence level

Jolly:	48.1%
Sink:	45.8%
Unsure:	6.1%

Non-Weighted Results and Demographic Breakdowns:

Jolly:	48.2%
Sink:	45.7%
Unsure:	6.1%

Political Party Breakdown:
