Subject: Florida State House District 5 Republican Primary Election Survey conducted for FloridaPolitics.com

Date: September 4, 2015

Executive Summary:

This poll of 339 Florida Republican voters was conducted on Friday, September 4, 2015. This poll used the registered voter lists supplied by the state of Florida as of June 18, 2015. The sample of voters that were contacted included random samples of registered Republican voters within the boundaries of Florida's 5th State House district.

The issues surveyed included questions related to the 2016 Republican Primary election.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active Republican Primary voter population for Florida's 5th State House district. The demographics used were: race, age and gender.

The sample of voters polled was chosen at random within the Republican registered voter population for Florida's 5th State House district

The scientific results shown for the questions below have a sample size of 339 and a 5.3% Margin of Error at a 95% confidence level.
