Matt Florell, President

Subject: City of St Petersburg, Florida General Election Survey conducted for FloridaPolitics.com

Date: September 9, 2015

Executive Summary:

This poll of 654 Florida registered voters was conducted on Wednesday, September 9, 2015. This poll used the registered voter lists supplied by the state of Florida as of June 18, 2015. The sample of voters that were contacted included random samples of registered voters within the boundaries of the City of St Petersburg, Florida.

The issues surveyed included questions related to the 2015 city general election.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the registered voter population for the City of St Petersburg, Florida. The demographics used were: political party, race, age and gender.

The sample of voters polled was chosen at random within the registered voter population within the City of St Petersburg, Florida.

The scientific results shown for the questions below have a sample size of 654 and a 3.8% Margin of Error at a 95% confidence level.
