Matt Florell, President

Subject: Libertarian Party of Florida U.S. Senate Primary Election Survey

Date: July 13, 2016

Executive Summary:

This poll of 180 registered Florida Libertarian party voters was conducted on July 13th, 2016. This poll used the registered voter lists supplied by the state of Florida as of June 7, 2016. The sample of voters that were contacted included random samples of registered Libertarian voters within the boundaries of the state of Florida.

The issues surveyed included one question related to the Florida Libertarian Primary.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the likely Libertarian primary voter population for the state of Florida. The demographics used were: race, age and gender.

The sample of voters polled was chosen at random within the registered Libertarian voter population within the state of Florida.

The non-scientific results shown below have a sample size of 180 and a 7.3% Margin of Error at a 95% confidence level.
