**Subject: Florida State Senate District 18 Election Survey
conducted for FloridaPolitics.com**

Date: July 27, 2016

Executive Summary:

This poll of 699 Florida likely voters was conducted on July 27th, 2016. This poll used the registered voter lists supplied by the state of Florida as of July 12, 2016. The sample of voters that were contacted included random samples of registered voters within the boundaries of Florida's 18th State Senate District.

The issues surveyed included questions related to the 2016 general election.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for Florida's 18th State Senate District. The demographics used were: political party, race, age and gender.

The sample of voters polled was chosen at random within the registered voter population within Florida's 18th State Senate District. Only those voters that voted in a general election in 2012 or 2014 or the 2016 Presidential Preference Primary were included in the results.
