**Subject: Florida State Senate District 8 Election Survey
conducted for FloridaPolitics.com**

Date: September 19, 2016

Executive Summary:

This poll of 891 Florida likely voters was conducted on September 19th, 2016. This poll used the registered voter lists supplied by the state of Florida as of September 8th, 2016. The sample of voters that were contacted included random samples of registered voters within the boundaries of Florida's 8th State Senate District.

The issues surveyed included questions related to the 2016 general election.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for Florida's 8th State Senate District. The demographics used were: political party, race, age and gender.

The sample of voters polled was chosen at random within the registered voter population within Florida's 8th State Senate District.

The scientific results shown for the questions below have a sample size of 891 and a 3.3% Margin of Error at a 95% confidence level.
