Subject: Florida U.S. Congressional District 6 Democratic Primary Election Survey conducted for StPetePolls.org

Date: July 23, 2018

Executive Summary:

This poll of 420 likely Florida Democratic Primary voters was conducted on July 18th, 2018. This poll used the registered voter lists supplied by the state of Florida as of May 9th, 2018. The sample of voters that were contacted included random samples of registered Democratic party voters within the boundaries of the 6th Florida Congressional district.

The issues surveyed included questions related to the 2018 primary election.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active Democratic primary voter population for the 6th Florida Congressional district. The demographics used were: race, age and gender.

The sample of voters polled was chosen at random within the registered Democratic voter population within the 6th Florida Congressional district. Voters that stated they were not planning on voting in the primary election were excluded from the results below.

The scientific results shown for the questions below have a sample size of 420 and a 4.8% Margin of Error at a 95% confidence level.
