**Subject: Florida U.S. Congressional District 7 General Election Survey
conducted for FloridaPolitics.com**

Date: August 30, 2018

Executive Summary:

This poll of 435 likely Florida General Election voters was conducted on August 30th, 2018. This poll used the registered voter lists supplied by the state of Florida as of July 10th, 2018. The sample of voters that were contacted included random samples of registered voters within the boundaries of the 7th Florida Congressional district.

The issues surveyed included questions related to the 2018 general election.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and demographics that were supplied by the client for the 7th Florida Congressional district. The demographics used were: political party, race, age and gender.

The sample of voters polled was chosen at random within the registered voter population within the 7th Florida Congressional district. Voters that stated they were not planning on voting in the primary election were excluded from the results below.

The scientific results shown for the questions below have a sample size of 435 and a 4.7% Margin of Error at a 95% confidence level.
