**Subject: Florida Statewide Democratic Agriculture Commissioner Primary
Election survey conducted for FloridaPolitics.com**

Date: August 26, 2018

Executive Summary:

This poll of 2,342 likely Florida Democratic primary voters was conducted from August 25, 2018 to August 26, 2018. This poll used the registered voter lists supplied by the state of Florida as of July 10, 2018. The sample of voters that were contacted included random samples of registered voters within the boundaries of the state of Florida.

The issues surveyed included questions related to Florida's 2018 Democratic Primary Election.

Methodology:

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active Democratic primary voter population for the state of Florida. The weighting demographics used were: race, age, gender and media market.

The voters polled were chosen at random within the registered Democratic voter population within the state of Florida. Voters who said they were not planning to vote were excluded from the results below.

The scientific results shown for the questions below have a sample size of 2,342 and a 2.0% Margin of Error at a 95% confidence level.
