Matt Florell, President

Subject: Florida Statewide survey conducted for FloridaPolitics.com

Date: June 23, 2019

Executive Summary:

This poll of 2,022 likely Florida Democratic presidential primary election voters was conducted from June 22, 2019 to June 23, 2019. This poll used the registered voter lists supplied by the state of Florida as of April 2nd, 2019. The sample of voters that were contacted included random samples of registered Democratic voters within the boundaries of the state of Florida.

The issues surveyed included questions related to the 2020 election.

Methodology:

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active Democratic voter population for the state of Florida. The weighting demographics used were: race, age, gender and media market.

The scientific results shown for the questions below have a sample size of 2,022 and a 2.2% Margin of Error at a 95% confidence level.
