Matt Florell, President

Subject: City of Tampa Survey conducted for StPetePolls.org

Date: February 4, 2019

Executive Summary:

This poll of 429 Tampa, Florida likely voters was conducted on February 4th, 2019. This poll used the registered voter lists supplied by the state of Florida as of January 8th, 2019. The sample of voters that were contacted included random samples of registered voters within the boundaries of the City of Tampa, Florida.

The issues surveyed included questions related to the City of Tampa 2019 election.

Methodology:

The poll was conducted by an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for City of Tampa. The demographics used were: political party, race, age and gender.

The sample of voters polled was chosen at random within the registered voter population within City of Tampa, Florida. Respondents who stated that they were not planning on voting in the Tampa election were excluded from the results below.

The scientific results shown for the questions below have a sample size of 429 and a 4.7% Margin of Error at a 95% confidence level.
