Matt Florell, President

Subject: Hillsborough County Florida survey conducted for FloridaPolitics.com

Date: October 27, 2020

Executive Summary:

This poll of 779 likely Hillsborough County, Florida voters was conducted on October 27th, 2020. This poll used the registered voter lists supplied by the state of Florida as of October 13th, 2020. The sample of voters that were contacted included random samples of registered voters within the boundaries of Hillsborough County, Florida.

The issues surveyed included questions related to the General election in Hillsborough County, Florida.

Methodology:

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for Hillsborough County, Florida. The weighting demographics used were: political party, race, age and gender.

Only voters who stated that they were planning to vote in the November general election were included in the results.

The scientific results shown for the questions below have a sample size of 779 and a 3.5% Margin of Error at a 95% confidence level.

Hillsborough County Florida Voters' Demographics

Here are the demographics for all registered voters, the active voters and the difference between the two. For this poll, we weighted based upon the demographics of the active voters.
