Matt Florell, President

Subject: Pinellas County Florida survey conducted for FloridaPolitics.com

Date: August 20, 2020

Executive Summary:

This poll of 1,810 likely Pinellas County, Florida voters was conducted on August 20th, 2020. This poll used the registered voter lists supplied by the state of Florida as of June 9th, 2020. The sample of voters that were contacted included random samples of registered voters within the boundaries of Pinellas County, Florida.

The issues surveyed included questions related to the General election in Pinellas County, Florida.

Methodology:

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for Pinellas County, Florida. The weighting demographics used were: political party, race, age and gender.

Only voters who stated that they were planning to vote in the November general election were included in the results.

The scientific results shown for the questions below have a sample size of 1,810 and a 2.3% Margin of Error at a 95% confidence level.
