**Subject: Florida State Senate District 29 survey conducted for  
FloridaPolitics.com**

**Date: August 14, 2020**

**Executive Summary:**

This poll of 477 likely Democratic Florida State Senate District 29 voters was conducted on August 14<sup>th</sup>, 2020. This poll used the registered voter lists supplied by the state of Florida as of June 9<sup>th</sup>, 2020. The sample of voters that were contacted included random samples of registered voters within the boundaries of Florida's 29<sup>th</sup> State Senate District.

The issues surveyed included questions related to the Democratic primary election in Florida's 29<sup>th</sup> State Senate District.

**Methodology:**

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active Democratic primary voter population for Florida's 29<sup>th</sup> State Senate District. The weighting demographics used were: race, age and gender.

Only voters who had stated that they were likely to vote in the August 2020 primary election were included in the results.

The scientific results shown for the questions below have a sample size of 477 and a 4.5% Margin of Error at a 95% confidence level.
