Matt Florell, President

Subject: City of St. Petersburg, Florida survey conducted for FloridaPolitics.com

Date: June 21, 2021

Executive Summary:

This poll of 386 likely St. Petersburg, Florida voters was conducted on June 21st, 2021. This poll used the registered voter lists supplied by the state of Florida as of June 15th, 2021. The sample of voters that were contacted included random samples of registered voters within the boundaries of the City of St. Petersburg, Florida.

The issues surveyed included questions related to the election for Mayor in the City of St. Petersburg, Florida.

Methodology:

The poll was conducted through an automated phone call polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for the City of St. Petersburg, Florida. The weighting demographics used were: political party, race, age and gender.

Voters who stated that they were not planning to vote in the City election were excluded in the results.

The scientific results shown for the questions below have a sample size of 386 and a 5.0% Margin of Error at a 95% confidence level.

City of St. Petersburg, Florida Voters' Demographics

Here are the demographics for all registered voters, the active voters and the difference between the two. For this poll, we weighted based upon the demographics of the active voters.
