Subject: Jacksonville, Florida survey conducted for FloridaPolitics.com

Date: May 14, 2023

Executive Summary:

This poll of 416 Jacksonville, Florida likely voters was conducted on May 12 and 13, 2023. This poll used the registered voter lists supplied by the state of Florida as of February 7, 2023. The sample of voters that were contacted included random samples of registered voters within the boundaries of Jacksonville, Florida.

The issues surveyed included questions related to the Mayoral election in Jacksonville, Florida.

Methodology:

The poll was conducted through a combination of an automated phone call polling system and a manual P2P SMS polling system. The results were then weighted to account for proportional differences between the respondents' demographics and the demographics of the active voter population for Jacksonville, Florida. The weighting demographics used were: political party, race, age and gender.

Voters who said they were not planning on voting in the May Jacksonville election were excluded from the results.

The share of respondents by contact method: Phone call = 85% SMS texting = 15%

The scientific results shown for the questions below have a sample size of 416 and a 4.8% Margin of Error at a 95% confidence level.
